Since 2009-2010 the gaming industry has fallen off the charts for most active industry in the work we are here to help get this environment going again.. The -=Vg=- Council and its Members are extremely vigilant against all forms of cheating and foul play.. I've tried uninstalling Arma 2 and Arma 2 OA and reinstalling them after but that didn't work, I've also tried verifying all my DayZ expansion/mods on DayZ launcher but there are no files missing.. Therefore, accusations of -=Vg=- members cheating will not be well received Please be respectful to everyone who plays on our server's.

Every time I try join a DayZ server using either Arma 2 OA itself or DayZ launcher it says ' Files common.. Juveniles, child like behavior and cheaters have consistently ruined the enjoyment and the spirit of the game, so we decided to form our own gaming community to eliminate as much as possible of these undesirable elements.. We currently own 2 DayZ Standalone Servers and 1 Arma 3 Server!Please visit to apply.. Today I bought and installed both Arma 2 and Operation Arrowhead, I have started and played both, which work fine, but i got these to play Dayz Mod.. pbo are not signed by a key accepted by this server To play on this server, remove listed files or install additional accepted keys'.
